

Bob Bell's record on City Council:

- **Elected for 3 consecutive terms**
Bob does not play partisan politics, he has never been part of block voting and always votes for what he thinks is in the best interest of the city.
- **Holding the line on Tax Increases**
Councillor Bell has an outstanding voting record on financial restraint and is very careful with your tax dollars.
- **Environmental Stewardship**
Guelph's high recycling rate, low per capita water consumption, and clean rivers through storm water funding are the result of his leadership on council.
- **Transit and Transportation**
He was the sole councillor to vote against the re-routing of the city in 2010 which led to a significant drop in ridership. Councillor Bell supports the move to a ridership model with a grid system and more frequent and direct routes.
- **Energy and Hydro**
Bob was the sole councillor to not support the creation of GMHI that led to the loss of \$15M to the city and did not support the hydro merger on both occasions.
- **Affordable Housing**
Councillor Bell has consistently fought for capital allocations to the affordable housing reserve and will continue to advocate for more social and affordable housing.
